

harri

Build Great Teams, Even Faster.

Meet Advanced Talent Pool.

Effortlessly supercharge your hospitality hiring by leveraging your existing talent to reduce **time-to-hire, increase quality, and lower cost.**

Automatic categorization

Build targeted talent pools with ease. Automated tagging of candidates by key attributes like status, and desired position.

Advanced Filtering

Pinpoint the candidates you need, effortlessly. Cultivate a pool, then drill by location, role, status, source and more to quickly find the perfect candidates.

Talent Scout

Your Personal Talent Magnet. Equip managers with their own unique QR code to invite standout potential candidates to join the team in just seconds.

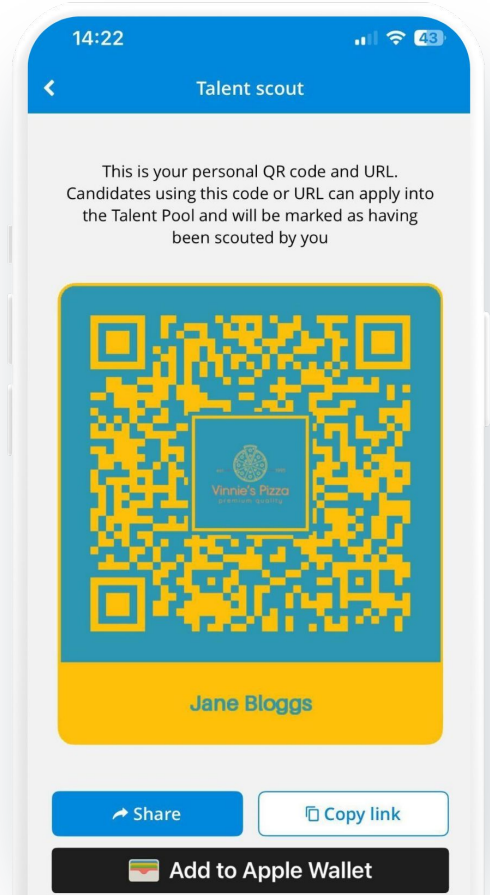

Smart AI Matching

Instantly connect with top candidates. Smart AI matching automatically pairs every job with the best-fit candidates in your talent pool.

Targeted Campaigns

Convert candidates from passive to active. Engage with top-notch candidates by launching targeted, automated recruiting campaigns.
